MEET A FRESHMAN ACADEMY TEACHER!

Mrs. Muñoz and her daughter, Alicia Anne

Hello! I teach World History. I enjoy teaching and I am grateful for the opportunity to share my knowledge with students. I am committed to teaching and to my family. I have been happily married for 4 years and counting. We have a 1 year old daughter together.

Diversity is one the many strengths of Glenclyff as well as my personal strength. I am half Indian from Trinidad and half Caucasian American. My husband is Mexican. So, my daughter is extremely diverse. I am hoping to positively influence your student. Let me know if there is anything I can do to better aid your student.

Thank you!
